The umpires and either captains or managers may make any relevant comment on the match in the space overleaf. Any such comments will be discussed at League Management meetings if deemed of value by the Divisional Secretary. This document represents the official record of the League match and will be retained by the Divisional Secretary. All sections must be completed and signed by the appropriate officials on the day of the match. The HOME team Captain / Manager is responsible for returning BOTH match sheets to the Divisional Secretary by the first available post **to ensure their arrival by the Tuesday after the match**. Fines will be incurred for late or non-return (see Rule 18). Clubs are asked to take photocopies. In the event of the original match sheets not arriving the League Committee will request those copies.

**Guidance Note 3b: Complete the team sheets properly. In particular, the sheets must show the first and last names of every member of the squad in full. References to players by surnames only, surnames and initials or nicknames is not acceptable. By placing a name on the sheet the Club confirms that the individual concerned is correctly identified, and that he is eligible to play for the team. Any club fielding a player under a false name, or who is not eligible to play (whether because of suspension, failure to comply with transfer Rules or any other reason) must expect to be penalised very heavily indeed.**

**N.B.** Any alterations to the home/away sheet **must** be initialled by the opposition captain/manager. Also ensure Goals Scored column is completed.
